### **CESSNA 182 STANDARD REPLACEMENT PARTS | Aircraft Spruce**

To convert a stock Continental O-470 engine to the NorthPoint XP470 requires several internal changes, but the first and most obvious is to exchange the O-470 cylinders for O-520 cylinders which increase the engine displacement by 50 cubic inches. NorthPoint XP470 Engines are equipped with 4-counterweighted crankshafts. (Most O-470-R and S models will require a crankshaft change.) The ...

The Cessna 182 Skylane is an American four-seat, single-engined light airplane, built by Cessna of Wichita, Kansas. It has the option of adding two child seats, installed in the baggage area. Introduced in 1956, the 182 has been produced in a number of variants, including a version with retractable landing gear, and is the second most popular Cessna model still in production, after the 172
